Total Production

86 cases

Wine Analysis

Alcohol 12.5%, TA 5.86g/l, pH 3.5, RS<3g/l

Winemaking Notes

We destemmed, crushed and loaded a small amount of Riesling grapes into a tank press. We pressed the juice into stainless steel vats for fermentation. At the conclusion of primary fermentation, the wine was lightly sterile filtered and stabilized for bottling. The winemaking style is in sync with our overall philosophy of non-intervention by simply allowing our terroir to show. The quality of the grapes we harvest from our work in the vineyards, allows for this very simple approach to our winemaking.

2013 Riesling

Our Shaky Bridge Artisan Series wines use our best hand-picked fruit each vintage and define our skill as a producer of quality wines. Hands on winemaking and endless attention to detail allow us to create multilayered wines of exceptional quality. All our Artisan Series wines provide a rewarding tasting experience, demonstrating the high quality attributes of our source vineyards in the Alexandra basin.

Winemakers Tasting Notes

Our 2013 Riesling is a wonderfully fresh and zesty wine, full of lemon, lime and Alexandra minerality. We balance these characters with moderate to high acidity, making a crisp wine with a beautifully clean finish in an off dry style. We like our Riesling with just a hint of residual sugar to balance the acidity, providing a complete Riesling experience for lovers of this variety. This wine is ideal as an aperitif or a superb match with Pacific Asian flavours.

Shaky Bridge

Shaky Bridge Wines is located in the stunningly beautiful Alexandra Basin of Central Otago, New Zealand. Our source vineyards are situated below the Southern 45th Parallel in the southern most winegrowing region on the globe. Our location is ideally suited to the creation of the aromatic varieties of white wines alongside our primary variety ; Pinot Noir.

Sourcing fruit from 6 distinct blocks, varying in age from 10 - 30+ years, Shaky Bridge Wines owns one of the oldest Pinot Noir vineyards in Central Otago. The various locations, soil types and clones used within each block provides our winemaker, Dave Grant, with a virtual painters pallet of flavors to create multi-dimensional wines of exceptional quality, depth and satisfaction.
